Гладильные машины серии ACE

SERIE ACE

Rotondi's "ACE" series of self-drying ironing machines using belt systems are the most reliable option, in terms of yield and quality of ironing, to be found on today's industrial and professional laundry market. The ironing system of Nomex belts that are able to resist high temperatures makes it possible to adjust the ironing temperature. On request, these calendars can be designed with the laundry outlet either up front (standard wall type model) or behind (throughput model - optional). The ironing roller diameters are 600 mm and 800 mm, for working widths of 2100 mm or 2600 mm or 3300 mm. The machines are available with gas, steam or electric heating. The "ACE" can be operated on a stand-alone basis or in combination with the most widely used folding machines found on the market, including those of our "QUEEN" series.

The chief features are:

- Variable speed, depending on the characteristics of the laundry and the residual moisture.
- Pressure roller with laundry guide belts for higher quality finishing.
- Automatic cooling of ironing roller.

- Barra salvamani a protezione dell'operatore.

- Display LCD a colori.

Le calandre serie ACE sono molto versatili grazie ad una serie molto ampia di accessori, i quali permettono di configurare la macchina esattamente in base alle specifiche esigenze del cliente.

OPTIONAL:

- Tavolo introduzione aspirante
- Sistema di introduzione automatico
- Uscita biancheria lato posteriore
- Raccoglitore per capi piccoli non piegati a 2 o 4 pale

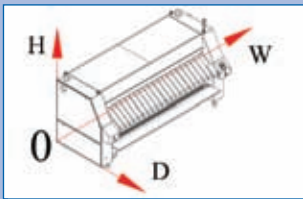

- Automatic cleaning of fans.
- Hand-guard bar to protect operator.
- Colour LCD display.

The ACE series calendars are extremely versatile, thanks to a wide-ranging set of accessories that make it possible to set up the machine in a way that precisely complies with the client's exact specifications.

OPTIONALS:

- Feeding table with aspiration
- Automated feeding system
- Rear laundry outlet
- Collector for small, unfolded pieces with 2 or 4 loading blades
